Are not FDIC/NCUSIF insured

Are not a deposit

Are not insured by any federal government agency.

If your Advisor performs any other business activity, it may impact the amount of time spent serving as your Advisor, create potential conflicts of interest and generate additional compensation for your Advisor.

Other investment related business activities pertain to securities, commodities, banking, insurance, or real estate. Other investment related business activities that your Advisor performs may result in the receipt of fees, commissions and/or bonuses. It may also result in other forms of compensation, which are based on the sales of securities and/or the value of assets under management. This includes trail, distribution and service fees related to certain mutual funds and insurance products. Trail, distribution and service fees are paid out of the fund or insurance product assets and are therefore indirectly paid by you, the client.

Another form of "indirect compensation" may also be paid to your Advisor by sponsors of investment products, programs or services. This indirect compensation may include entertainment, attendance at events, attendance at educational conferences, reimbursements for approved business expenses, investment research, technology support and other resources that may assist with your Advisor's investment business. An incentive (conflict of interest) may exist for your Advisor to recommend investment products and services based upon the amount of compensation received, rather than your best interest. Cetera Investment Advisers maintains a Code of Ethics requiring your Advisor to always act in your best interest and maintains a supervisory structure to monitor the advisory activities of your Advisor in order to reduce potential conflicts of interest.

Our advisors may operate their own independent companies outside Cetera Investment Advisers. These unaffiliated companies may include other investment advisory firms, accounting/tax practices, insurance services, and legal and compliance services, among others.

ADDITIONAL COMPENSATION

In addition to advisory fees, your Advisor may earn sales incentives or awards based on the value of assets under management, investment products sold, number of sales, client referrals, amount of new deposits or amount of new accounts. This additional compensation may include the same items (economic benefits) as listed in the Other Business Activities section above as indirect compensation.

Your Advisor may also receive forgivable loans from Cetera, which are conditioned on your Advisor retaining Cetera's broker-dealer and/or registered investment advisor services. This additional economic benefit creates a conflict of interest for your Advisor to retain affiliation with Cetera in order to avoid re-payment on a loan. Cetera Investment Advisers maintains a Code of Ethics requiring your Advisor to always act in your best interest and maintains a supervisory structure to monitor the advisory activities of your Advisor in order to reduce potential conflicts of interest.

We may also enter into certain arrangements to offer brokerage and advisory services to the clients of independent unaffiliated financial institutions (credit unions, credit union service organizations, banks and savings and loan institutions). A substantial portion of the client advisory fee will be paid by us to the financial institution pursuant to a fee sharing / solicitor arrangement as long as the client agreement is in effect. Certain financial institutions provide financial incentives to the Advisor to recommend services and products that earn advisory fees over services that earn brokerage commissions. Additionally, certain financial institutions incentivize the Advisor to add new client assets to advisory accounts over specified periods of time. These financial incentives create a conflict of interest. To mitigate this conflict of interest, we routinely monitor our advisory programs and client accounts to ensure that the recommended services and products are consistent with your stated goals and objectives and maintain policies, such as minimum account openings, to ensure the account is appropriate for the applicable advisory program or service.

Your advisor will be paid bonus compensation over specified time periods from Cetera for all net new advisory assets invested in advisory programs. Net new advisory assets shall mean the difference, if positive, of the aggregate value of cash and/or securities contributed to Cetera's investment advisory accounts, excluding accounts designated by Cetera in its sole discretion as third party asset management programs minus the aggregate value of cash and/or securities withdrawn from Cetera's investment advisory accounts, excluding accounts designated by Cetera in its sole discretion as third party asset management programs. This compensation creates a financial incentive for your advisor to recommend Cetera advisory programs over third party advisory programs or commission-based programs. This additional economic benefit creates a conflict of interest for your advisor to retain affiliation with Cetera and increase advisory asset levels in order to avoid personally paying off or defaulting on that loan. To mitigate this conflict of interest, we routinely monitor our advisory programs and client accounts to ensure that the recommended services and products are consistent with your stated goals and objectives and maintain policies, such as minimum account opening balances, to ensure the account is appropriate for the applicable advisory program or service.

Please contact your Advisor if you would like to receive additional information regarding whether your Advisor's financial institution provides the type

of financial incentive referenced above.
